REGIONSADAPT

WEBINAR TO LAUNCH

“RegionsAdapt 2017

Report: Regions Accelerating
Climate Change Adaptation”

Dear RegionsAdapt community,

As you probably know, our initiative has recently celebrated its second anniversary, a landmark that also represents the conclusion of the first implementation phase for its founding members.

In this context, we are delighted to announce that we are about to publish our newest report: “**RegionsAdapt 2017 Report: Regions Accelerating Climate Change Adaptation**”. The report offers an overview of how 35 regional governments, disclosing through CDP’s states and regions platform in 2017, are addressing climate risks and taking adaptation actions, a brief assessment of the initiative’s first two years of existence, and an outline of the envisaged future for RegionsAdapt.

Join us on **7 February, 3:30-5:00pm GMT** for our webinar to launch the new report.

Registrations available at this link: <https://attendee.gotowebinar.com/register/1206906813993483009>

After registering, you will receive a confirmation email containing information about joining the webinar.

We are looking forward to e-meeting you soon!

Best regards,

nrg4SD on behalf of RegionsAdapt Initiative
