

Four ways to support local service delivery in expanding urban environments

Lessons Learned from the Field

Gerardo Berthin, Senior Associate
International Development/Democracy and
Governance Sector, Tetra Tech

Thursday April 26, 2018

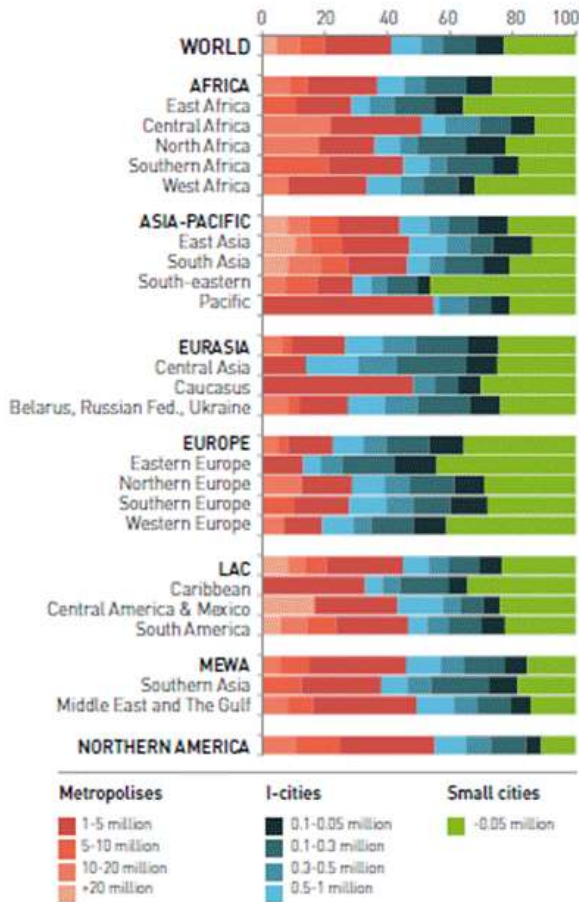

www.tetrattech.com/resilientcities

Expected Outcomes

- Learn about key factors for promoting **social cohesion** and building resilience.
- Understanding the role of **local service delivery** to foster resilience.
- Generate discussion and **share/exchange lessons** on promoting resilience

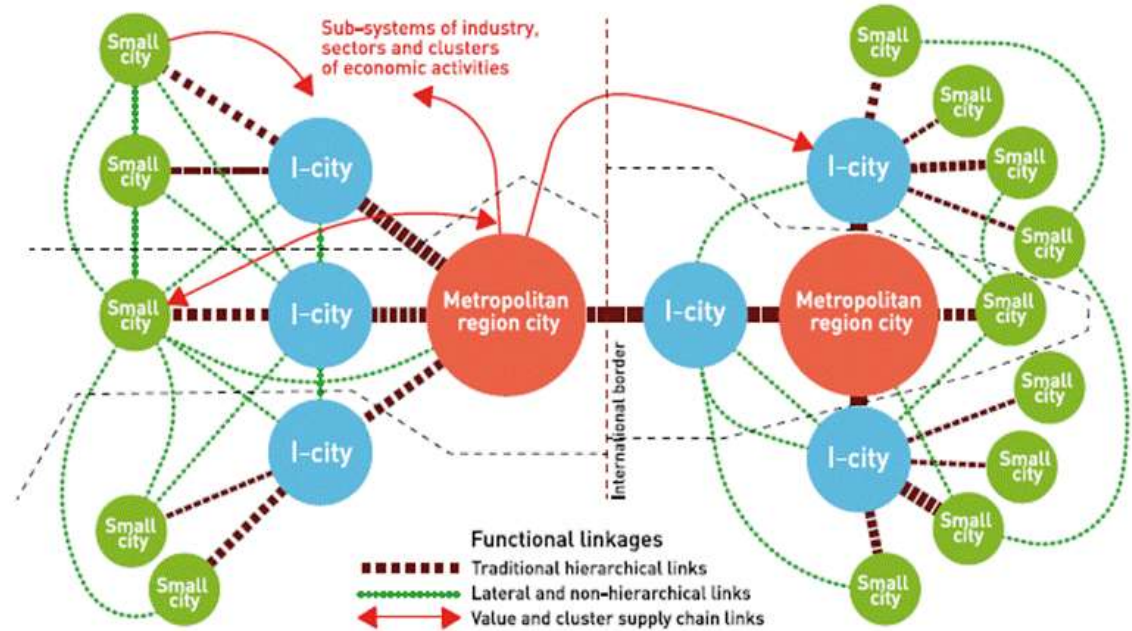

The Dynamic of Cities

World's distribution of urban population by settlement size and by UCLG regions* (%)

Graph 1

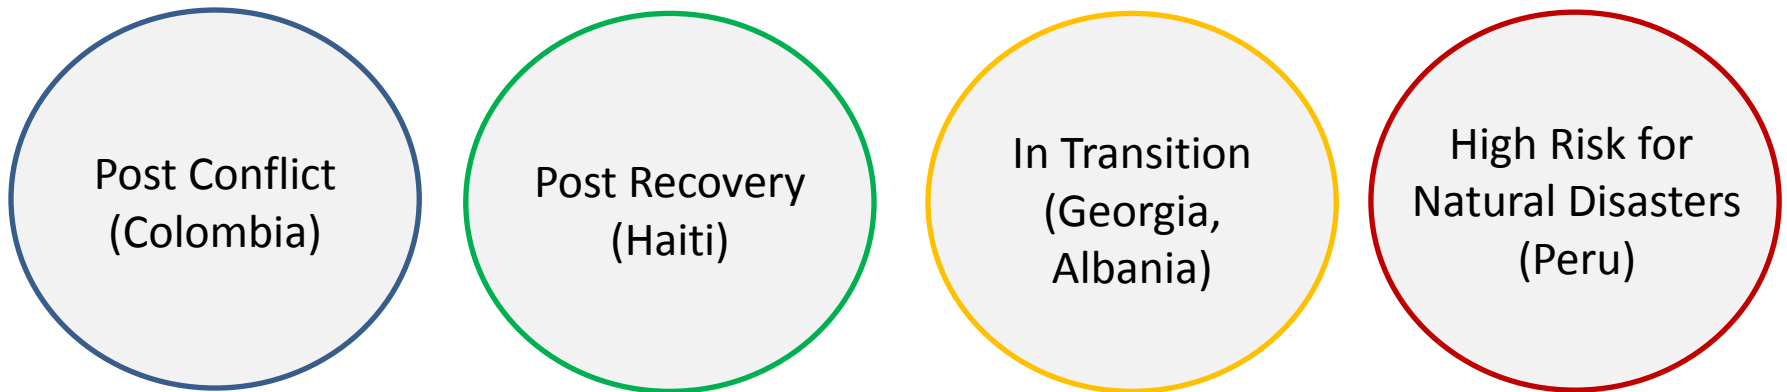

Hierarchical and non-hierarchical systems of cities

Source: United Cities and Local Governments (UCLG). Co-Creating the Urban Future: the Agenda of Metropolises, Cities and Territories, 2017

Diverse Urban Contexts

Different **degrees** of decentralization

Different **levels** of governance

Different **service delivery** arrangements

Four Building Blocks of Resilience

Policy Dialogue

Local Capacity

Citizen Engagement

Transparency & Accountability

Policy Dialogue

Policy Dialogue

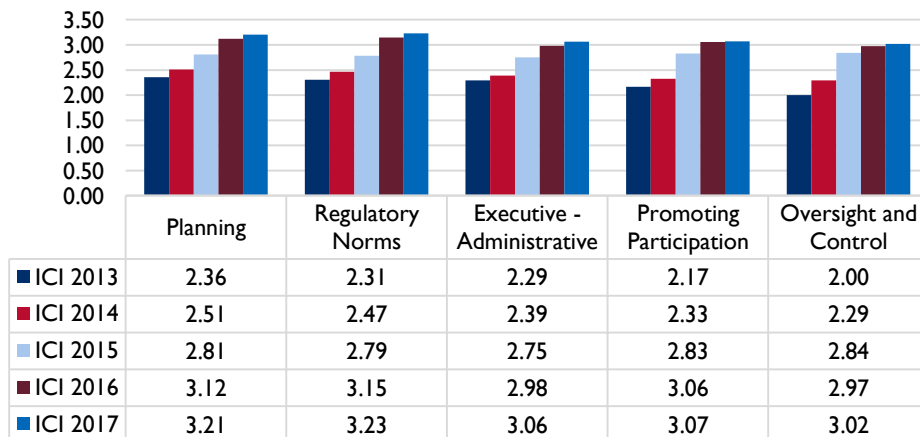

- Affords citizens and government officials an **opportunity** to discuss and engage.
- Promotes **civic education** and participation (conflict prevention and management).
- Builds **trust** and social cohesion.

Local Capacity

- **Quality & access** to service delivery in local governments is linked to technical, financial, management, organizational and institutional capacity.

**Average Institutional Capacity Index
Comparative Data**

- **Capacity** of citizens, CSOs, service providers and governments.

Citizen Engagement

Citizen Engagement

- Working **simultaneously** on state responsiveness and effectiveness, citizen empowerment, and accountability.
- **Integrated** approaches to citizen engagement.

Transparency & Accountability

Transparency & Accountability

- Service delivery depends on **holding** local governments accountable.
- **Multiple** channels and mechanisms.

Lessons Learned

- **Tailored** and integrated approaches
- **Top-down and bottom-up** strategy
- Local space is also **political**
- **Systemic** change
- Capacity as **shared learning**
- **Local solutions**
