Public Park
0.4467 hectare

Pop: 353,767

ISSUES

- People Living in High Risk Flooding / liquefaction areas
- Increase in number of informal settlers
- Higher Poverty Incidence
- Lack of public facility – parks

Resiliency

- More than just recovering from an incident / disaster
- Proactive than reactive
- Sustainable (Social, Economy, Environment & Culture)
- Ownership of the people
- Collaboration of all stakeholders

Eco-Tourism People's Park

Eco-Tourism People's Park

- Conceptual Masterplan
- Mayor created a Technical Working Group
 - Multi-stakeholder members
- Conducted several workshops / consultation
- Local Council approved the Conceptual Masterplan

Eco-Tourism People's Park

- Present the Conceptual Plan to the following higher level agencies
 - Provincial Government
 - Regional Development Council
 - Department of Tourism
 - Laguna Lake Development Authority
 - Philippine Reclamation Authority
 - Department of Environment and Natural Resources

Challenges / Opportunities

- Budget for the Project
- Continuous Project Acceptability
/ Support of Stakeholders
- Proof of concept
- Best Practice
- Replication potential
