OBJECTIVE

This facilitated discussion aimed at answering questions and concerns on the Global Covenant of Mayors for Climate & Energy (GCoM) that local governments wish to share and discuss.

These could be on the practical developments and framework of the merger of Compact of Mayors and EU Covenant of Mayors, or access to finance, the use of reporting platforms and available tools and support.

Taking the opportunity to have many city representatives participating in the Resilience Cities congress, ICLEI as a Founding partner of the GCoM shared updates on GCoM developments, followed by constructive discussions and suggestions from the local perspective.

METHODOLOGY
